

EDITORIAL COMMENTS.

Judge Jas. B. Black.

Judge Jas. B. Black, of Barbourville, Knox county, was in the city this week in the interest of his candidacy for the Democratic nomination for lieutenant governor. Judge Black is not unknown to the Democrats of this county. In his race for Governor in 1900 he had strong support and there are many Democrats this year who believe that the mountains should have a representative on the ticket. The nominee for Governor will be from Western Kentucky and Judge Black's strong claim for support in his location. The mountains will be behind him and he will add strength to the whole ticket in a contest in which votes will be needed. His strength is so well recognized that his name is being used to influence votes for other candidates in the approaching primary. As the Kentuckian has had occasion to say before, Judge Black is one of the most deserving Democrats in Kentucky.

We hear but little now about the feud between Stanley and Tom Rhea. They have evidently concluded to bury the hatchet like good little Indians and run on the same ticket. Stanley is as good as nominated and Rhea is so much stronger than the other fellows he is trying to carry that to a man up a tree it looks like Tom was about out of the woods. It will be in order Sunday morning for the Democratic party to appoint an introduction committee to present Mr. Stanley of Henderson to Mr. Rhea of Logan, and escort them arm in arm to the good old Democratic band wagon.

The President not only wants another A B C conference but wants it to be a B U G affair. Calrit, Mr. President, and let us furnish the insect powder.

It remains now to see whether or not McDermott will get as many votes as Gov. McCreary got last year—about 20,000.

New watch Stanley come down the home stretch with more than 100,000 votes.

Two more days left to climb into the Stanley band wagon.

BETHEL BAPTIST ASSOCIATION

Had a Fine Meeting at Trenton This Week With Large Attendance.

Bethel Baptist Association met at Trenton Tuesday and concluded its session yesterday. The churches of Hopkinsville and Christian county were largely represented. Rev. H. E. Gabby was elected Moderator, Rev. J. F. Griffith Clerk and H. H. Abernathy Treasurer. The order of services was changed to give educational matters the first day and Mission report the second. The first general discussion was on the report on schools and colleges by W. S. Peterson. It was participated in by W. S. Peterson, H. L. Trimble, Chas. M. Meacham, Homer Fultz, Rev. C. M. Thompson, Rev. F. D. Perkins and others. The presentation of the school report first was to give the representatives of the two colleges a better opportunity to work for new pupils. Both schools received several new pupils.

The usual bountiful dinners were served both days and the messengers were entertained in the homes of the people. The weather was fine, but a big tent had been provided to protect the table from possible showers. The next meeting will be held at Allensville.

SASSED BY JOHN BULL

Notes in Reply to American Protest Claim Rights to Seize Trade Ships.

ENGLAND FOR ARBITRATION

Will Agree to No Back-Down in Policy of Stopping German Supplies, However.

Washington, Aug. 4.—Great Britain's reply to the latest American representations against interferences with neutral commerce, rejects entirely the contention that the orders in council are illegal and justifies the British course as wholly within international law.

"Unsustainable either in point of law or upon principles of international equity" is the British reply to the American protest against the blockade of neutral ports, with an invitation to submit to international arbitration any cases in which the United States is dissatisfied with action of British prize courts.

The British Reply is contained in two notes, one supplemental. With the notes was made public correspondence over the American steamer Neches, seized by the British while enroute from Rotterdam to the United States with goods of German origin.

Changed conditions of warfare, the British note contends, require a new application of the principles of international law. The advent of the submarine, the airship, alleged German atrocities in Belgium, are cited as justification for extreme measures. The blockade is justified on the contention that the universally recognized fundamental principle of a blockade is that a belligerent is entitled to cut off "by effective means the sea-borne commerce of his enemy."

The note reiterates that Great Britain will continue to apply the orders complained of, although not without to avoid embarrassing neutrals, and observes that American statistics show that any loss in trade without Germany and Austria has been more than overbalanced by the increase of other industrial activities due to the war.

FISCAL COURT IN SESSION

Regular Monthly Meeting Held Here By Magistrates Tuesday.

Fiscal Court met in regular monthly session Tuesday.

General claims amounting to about \$300 were allowed. Poorhouse claims amounting to \$70 were also allowed. The sum of \$250.00 was appropriated to the Pennsylvania Fair Association to be used in buying premiums for Christian county farm products.

John Becker was awarded the contract for building one mile of pike on the Greenville road.

Resolutions.

Wherein, we, the members of South Union Baptist church and Sunday School in our sorrow over the loss of our brother, John M. Clardy, do resolve:

First—That in his death we have sustained the loss of one of our most faithful and dutiful members, and that his absence in the activities of the church and Sunday School is deeply felt.

Second—That we wish to tender our deepest sympathy and love to the family in their bereavement and sorrow, and assure them that his departure though being their loss, is his gain.

Third—That these resolutions be printed in our papers, and spread upon the pages of our minutes, also that a copy be sent to the family.

JOSEPH GARY,
WILLIAM BAKER,

GREAT OVATION TO STANLEY

HEARD BY A VAST CROWD THAT FILLED THE TABERNACLE WITH 3,000 CAPACITY TO OVERFLOWING.

The Stanley rally yesterday was the greatest political demonstration seen in Hopkinsville for years. The Tabernacle, with its seating capacity of 3,000, was crowded to overflowing with a crowd of cheering people, 2,000 of them voters, who all seemed to be for Stanley.

His speech was in the main the

ESTIMATES SHOW THAT STANLEY LEADS BY 20,000

Comprehensive Forecast Made By Tom Cromwell Before Bosworth Got off Indicates a Sweeping Victory For Stanley Over McChesny.

Estimates from each of the 120 counties in the State on the Governor's race in the Democratic primary, made to Tom Cromwell, Kentucky political correspondent of the Cincinnati Enquirer, who conducted a political canvass of Kentucky, show a plurality of over 20,000 for A. O. Stanley over H. V. McChesny for the nomination. The totals are Stanley, 95,135; McChesny, 74,750; McDermott, 28,435; Bosworth, 21,455. The figures show that Stanley will get approximately 45 per cent. of the total vote to be cast and that he is fully 10 per cent. stronger than McChesny. He will, according to the representations made to the writer by knowing men in each of the counties, carry eighty-three counties, as against thirty-one for McChesny.

One county each is given to McDermott (Jefferson) and Bosworth (Caldwell). In Estill county Bosworth is given an even break with Stanley, and in Harrison, Floyd and Magoffin counties Stanley and McChesny are considered by the estimators to be of about equal strength.

In every congressional district, unless the figures are very much awry, Stanley will have a plurality over McChesny—in the First of 1,300; in the Second, 6,620; in the Third, 1,600; in the Fourth, 1,470; in the Fifth, 5,300; in the Sixth, 6,050; in the Seventh, 3,100; in the Eighth, 575; in the Ninth, 1,840; in the Tenth, 306, and in the Eleventh, 180. It does not appear to have been the expectation of the Stanley managers that the Tenth and Eleventh districts would give the Henderson man more votes than McChesny, yet the estimators are evidently of the opinion that he will lead in both.

PARTY OFF FOR FAIR

Nine Hopkinsville People To Visit San Francisco—Left Yesterday.

A party from here, personally conducted by Mrs. P. E. West, left yesterday morning for the Panama-Pacific Exposition in California. Contrary to the regular custom, the party will go by Los Angeles and the Grand Canyon on the way to the Exposition instead of on the way back. The Radnor train passed through here and the party got on the Pullmans here. In the crowd were: Misses Ruby Eshman, Margaret Dalton, Louise Dowler, Mesdames T. S. Knight, A. W. Wood, J. C. Johnson, P. E. West and Messrs T. B. Fairleigh and Morgan Boyd.

St. Louis, in 1914 built fifty-one factories and twenty-five office build-

one published in the papers, but with a local coloring and many happy hits.

Hundreds of ladies were present and joined in the cheering which at times was loud and prolonged.

Mr. Stanley was met at the depot by a band and a big crowd. After the speaking he was given a "Squirrel dinner" at Hotel Latham.

During the last week the drift in the cities has been steadily to Stanley, and the same is true to a lesser degree in the rural districts of the central and western portions of the State. Information from Louisville last night was to the effect that, while Lieutenant Governor McDermott was accorded a splendid attendance for his final rally, the business men of the city in large numbers are realizing that there is no likelihood of his nomination, and they are encouraging the sentiment expressed by Senator Ollie James in a statement given out soon after his arrival in Louisville this week.

It looked a week ago as if McDermott would get three-fourths of the vote in Louisville, but to-day it does not appear likely that he will receive more than half of it. From Covington and Newport comes the information, from men who in the past have correctly sized up those cities and the counties in which they are, that Stanley will have big pluralities over McDermott in both. The same condition holds good as between Stanley and Bosworth in Fayette and Fleming counties. Following is the Cromwell forecast by congressional districts:

District	Stan.	McC.	McD.	Bos.
First....	16,925	9,625	1,123	2,815
Second....	12,660	6,040	1,525	650
Third....	8,725	7,225	1,340	1,110
Fourth....	8,300	6,830	2,815	1,000
Fifth....	7,000	1,200	10,000	1,800
Sixth....	9,975	3,025	4,450	2,000
Seventh....	11,025	7,925	1,625	4,025
Eighth....	6,900	6,425	1,925	2,225
Ninth....	11,115	9,275	2,825	3,300
Tenth....	3,750	3,450	500	850
Eleventh....	4,760	4,590	840	1,120
Totals	95,135	74,750	28,435	21,455

BRIDE FOR A FERREL BOY

Isaac Locke Located at Frankfort a Bridegroom of Three Days.

Isaac N. Locke, one of the Ferrell's Boys for whom search has been made for two months, has been found. He was married Monday, August 2nd, at Chicago, to Miss Ruth Kennedy, a former Kentucky girl, a niece of Mr. A. Y. Ford, of Louisville, and Mrs. Urey Woodson, of Owensboro. He is now a prosperous young farmer near Frankfort, Ky. Mr. Locke is one of the younger boys, of the class of 1901. He is only 27 years old and at the time he attended school here his home was in this city. His father, a well-known traveling man, was in the city yesterday. An invitation has been sent Ike and a strong effort will be made to get him to come

JOLLY SET OF OLD BOYS

Are Looking Forward To The Ferrell Reunion On August 20.

MEETING WAS HELD MONDAY.

Enthusiasm Is Shown By Local Boys, Many From The County.

An enthusiastic meeting of the Ferrell's Boys was held Monday morning at the H. B. M. A., presided over by President Jeff J. Garrott. All of the committees made reports and progress is being made towards a successful reunion. Only details are now to be looked after.

Two additional committees were appointed. The Transportation Committee is headed by R. M. Fairleigh, the other members to be announced later. This committee will furnish free transportation from the city to the lake, 4 miles from town, from 8 to 9 a. m. After 9 o'clock the tardy ones will have to secure their own conveyances. This is done to make all understand that they must be prompt. Those who come on trains later than 9 o'clock will miss part of the program, as the meeting at the lake will begin at 9:30. The Reception Committee will be headed by Lawson B. Black, and will be in close touch with the Transportation Committee.

A list of those who have accepted the invitations sent out, will be made up this week.

The Barbecue Committee was instructed to prepare dinner for 300. It is a dinner that will be guaranteed to give entire satisfaction to Green Champlin, who is considered the hardest to please.

ASSISTANT WARDEN

Makes Plea For Abolishment of "Human Slaughter House," After Execution.

Ossining, N. Y., Aug. 2.—Charles H. Johnson, Harvard man, class of '02, who Friday morning killed Charles Becker and a negro, making eight since January, and who expects to kill five in August and at least eighteen others in the next few months, declared he regards these killings as nothing short of murder. It is not himself, but the state of New York, however, that he considers the murderer.

Thomas Mott Osborne, warden, refuses to take personal charge of the death penalty's infliction at Sing Sing. The young Harvard man says prison work is his chosen line.

"Friday morning," he said, "I talked with Charles Becker from 1:30 o'clock until 4:30 o'clock. An hour and a quarter later I killed him. What justification is there?" "What good has been accomplished? None, that I can see. In April a year ago the four gunmen were executed. It was but a few days later that gunmen killed another New York citizen.

"The state says, 'Thou shalt not kill,' and then proceeds to do what it forbids the individual doing. It kills Becker—and, doing so, more than kills Becker's wife. The spirit of Christianity is disregarded."

"Over in the deathhouse there are twenty-three men cooped up, waiting in there eager to be killed. How that human slaughterhouse squares with twentieth century civilization, I cannot see."

Heat Wave Broken

Washington, Aug. 3.—The heat wave which caused a number of deaths and intense suffering in the eastern half of the country has been broken. A cool wave approaching from the northwest has brought lower temperatures which Weather Bureau officials predict will continue

RUSSIANS MAY SAVE WARSAW

Protracted Struggle Exhausting Ammunition of Germans Is Belief.

GALLIPOLI GAINS REPORTED

Allies Gain Crest of Ridge Near Dardanelles Trenches.

London, August 4.—Although the Germans and Austrians along the great battlefront in Poland are declared by Berlin to be continuing their maneuvers, having in view the envelopment of Warsaw, the Governor General of the Polish capital was at his post as recently as Sunday last and military circles there were of the belief that if the Russian line held a week longer the city would never be evacuated.

In the fighting on the Gallipoli Peninsula the Australian and New Zealand troops attacked and captured a network of Turkish trenches, which gave them the crest of a hill which materially improved the allied position. The Turks report that an allied attack near Ari Burnu was put down with heavy casualties.

Bad weather is hindering the operations on the Austro-Italian fronts. Unofficial Italian advices are to the effect that the Italians continue to make progress near Rovereto, in the Arsa Valley and on the Carso plateau. In the Carso region it is asserted that an Austrian regiment was virtually wiped out in an attempt to retake captured positions from the Italians.

In France and Belgium there have been several infantry attacks, hand grenade fighting and sapping operations. Berlin asserts that in the Argonne, French trenches were captured and that in Champagne the borders of craters caused by mine explosions were occupied by the Germans. Paris asserts that the mine explosion did no damage to the French trenches.

A Good, Plain Talk.

It is a genuine pleasure to contribute anything that will influence the public to patronize the home merchant. He is the man that buys from you. He is the man that is responsible for what he sells. He is the man that will correct any defect and make it good.

He is the man that helps you to build good roads and in everything else that is looking to making life worth while.

The home merchant is always ready and willing to sell goods as cheap and I might say oftener much cheaper (quality considered) than can any mail order house in this country. He is entitled to your most worthy consideration and a little careful study will convince any man or woman that it is to their best interest always to buy at home.

The home merchant has the goods and will sell them always to meet any legitimate competition. Seeing your goods and knowing you are getting just what you pay for, is another thing to be considered. What does the man in St. Louis, Chicago or New York care about you except to get your money and possibly give you an inferior article and charge you more very often, than you could have bought it at home.

People all over this country are awakening to the fact that they have been gulled and oftentimes robbed, and are realizing that their home town is the place to spend their money. Stand by your home town, your home merchant and every article that is made in Hopkinsville, give that the preference always. Patronize home industry and home industry will patronize you. Buy at home and buy it today.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The year 1914 has been the most extraordinary in the history of modern times. It has witnessed the outbreak of the great European war, a struggle so titanic that it makes all others look small.

You live in momentous times, and you should not miss any of the tremendous events that are occurring. No other newspaper will inform you with the promptness and cheapness of the Thrice-a-Week edition of the New York World. Moreover, a year's subscription to it will take you far into our next Presidential campaign.

THE THRICE-A-WEEK WORLD'S regular subscription price is only 1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

Send all subscriptions to Kentuckian office.

Our Speech.

Our very vocabulary is degraded; the most far-reaching symbols of our language come seldom into use, or appear with diminished meaning. Follow, for instance, the course of the word "infinitesimal" through the annals of contemporary literature. Our phraseology has become carnal; our vital terms are terms of physical life. Nowhere is the limitation of contemporary thought more apparent than in the instruments of speech. One must read again Wordsworth, Shelley, Carlyle, Ruskin, Arnold, Meredith to meet great words now little employed, words that make you realize the utmost reach of life; in so doing, one pauses in dismay, realizing how full contemporary speech is of lesser terms, how few employ the greater words that tell the inner life of the soul.—The Atlantic.

Peculiar Work on Streets.

A quaint old law for the punishment of petty offenders exists to this day in Middleburg, The Netherlands, and anything resembling it is not known to exist elsewhere. Owing to dampness weeds quickly spring up in the streets, between the paving stones, and here, under the eye of a none-too-severe guard, the offenders are put to work with a large trowel-shaped knife, clearing away the up-springing blades of green. Each is provided with a wooden stool, hence it may be imagined that they are not hard driven. Here men and women alike, who have been convicted, work in this manner.

The Handy Shoe Bag.

"Last year one member of the family was unable to get out of bed. I took a shoe bag that had ample pockets and pinned it neatly with safety pins to the side of her bed. In its pockets I put her books and various articles that she needed. Everything was within reach."—Woman's Home Companion.

WAR! What Is It All About?

HAS the whole world gone stark mad over a very foolish and trivial question? Are swords rattling, cannon rumbling, mailed armor glistering just because Russia wanted to show her love for the little brother—Serbia?

Tear aside the curtain of Europe's politics and see the grim and sinister game of chess that is being played. See upon what a slim, yet desperate, excuse the sacred lives of millions may be sacrificed. Read the history of the past one hundred years, as written by one of the greatest authorities the world has ever known, and learn the naked, shameful truth. Just to get you started as a Review of Reviews subscriber, we make you this extraordinary offer. We will give to you

FREE!

Duruy's History of the World

Four splendid cloth volumes, full of portraits, sketches, maps, diagrams

Today is the climax of a hundred years of preparation. Read in this timely, authoritative, complete, AND THE ONLY CONDENSED classic world history—of which over 2,000,000 copies have been sold in France alone—just what has taken place in the inner councils of Europe during the past one hundred years. Read in these entrancing pages how Russia has for years craftily been trying to escape from her darkness—to get a year-round open port, with its economic freedom. Read how Germany and Austria, fearful of the monster's latent strength, have been trying to checkmate her and how they have pinned all in this last, supreme stake.

The Lesson of the Past

THIS master of the pen shows you the glory that was Greece's and the grandeur that was Rome's. He guides you through the Middle Ages, the picturesque old days of chivalry and the crusades; through the Renaissance up to contemporary history, which Prof. Duruy completes in brilliant manner. In the story of the past lie the secrets of today. And you will understand them better when you get the Review of Reviews for a year—for the Review of Reviews will give you a sane interpretation of the events that are taking place with such rapidity. It is not enough to read the daily news reports. Your ability to comprehend conditions, and to discuss them rationally depends on a true interpretation of the meaning and the "reason why" of events. In your mind you must bring order out of chaos—and the Review of Reviews will do it for you.

Get the REVIEW OF REVIEWS for a Year

Send No Money

Send the coupon only. It brings the whole—four volumes—charges prepaid—absolutely free. All we ask is that after you get the books and like them—you send 25 cents for shipping and \$1.00 a month for three months to pay for the Review of Reviews. If the books don't worth more than you pay for books and magazine together, send them back at our expense. But be prompt. The world-wide fame of Duruy will make these 5,000 sets disappear from our stock room at once. Send your coupon today—and be so wise.

New Fishing Grounds.

Albacore and tunny, fish which until recently have been found only in the Mediterranean in sufficient quantities to form the basis of an industry, are said now to be caught in enormous quantities along the coast of southern California. At San Pedro a fleet of gasoline launches finds profitable employment during the season in catching these fish for the packers.

Neuralgia Pains Stopped.

You don't need to suffer those agonizing nerve pains in the face, head, arm, shoulders, chest and back. Just apply a few drops of soothing Sloan's Liniment; lie quietly a few minutes. You will get such relief and comfort! Life and the world will look brighter. Get a bottle to-day. 3 ounces for 25c., at all Druggists. Penetrates without rubbing.—Advertisement.

Manners vs. Kindness.

What are good manners? Many definitions have been given from time to time, but one of the best is the sort of manners which are guided by kindness and consideration for others. If you keep this in mind you need not be afraid of criticism. If you let your actions be guided by motives of kindness, if you consider others before yourself, you are bound to do the right thing—which is the kind thing—at the right time. Of course there are various forms in social usage which can only be acquired by association with refined persons, but if this is denied one, the seeker after good manners cannot go very far astray if he or she remembers to let kindness and consideration rule. In these days when the average person is "out for himself," when selfishness is the predominant note of social and business intercourse, the man or woman who thinks of others and acts according to their wishes will soon be marked for a kindness of manner which cannot be equaled by those who have been called to higher places in life.

as a candidate for the Democratic nomination for Auditor of Public Accounts, subject to the primary August 7, 1915.

We are authorized to announce
Judge C. S. Nunn, as a candidate for Judge of the Court of Appeals, for the First Appellate District, subject to the action of the Democratic party.

How Edward Can Draw.
Edward was showing Miss Brown how well he could draw a cow. As he drew, he glanced from time to time at a cow grazing in a nearby yard.
"This is her nose," he said, drawing a curved line.
"Here's her body," he explained, and after a look at his model he added another curved line.
"Now here's her tail," and he placed a curved line opposite the so-called nose.
As he held the finished drawing up for inspection, an embarrassed smile spread over his countenance.
"Perhaps we'd better call it a pump," he said.—Youth's Companion.

Nothing to Worry About.
The man who had been eating oysters off the half shell stopped long enough to eject a hard substance, which dropped to the floor and rolled under the counter.
"What's that?" asked the man on the next seat. "A pearl?"
And the other, nonchalantly replied: "Nope; tooth!"—Judge.

Twenty-nine Episcopal parishes in the city of New York have memberships exceeding 1,000.

PROF. V. O. GILBERT.

Why The Democrats of Christian Should Support Him.

1. He was once a teacher in the rural school.
 2. He has served as County Superintendent.
 3. He has been City Superintendent.
 4. He was for six years at the head of rural education at the Western Kentucky Normal.
 5. He has been assistant State Superintendent for three years.
 6. He is well qualified for the position he seeks.
 7. He help to raise the per capita from \$4.00 to \$5.25 and to declare a seven months school.
 8. He is a friend to the school trustees and is opposed to the abolishment of that office as is advocated by some educators in Kentucky today.
 9. He pledges himself to see that the teacher's salaries are paid promptly as they have been during Mr. Hamlett's administration.
 10. He is a friend of the farmer and promotes the cause of agriculture through the school.
 11. He is clean in habit and life.
 12. He is a Western Kentucky man. So let us help the home boy.
- When you get your ballot look down the list until you come to the heading "State Superintendent." V. O. Gilbert is the first name and don't forget to vote for him for the nomination for this all important office, Christian county ought to him 2,500 votes.—Advertisement.

Did You Ever Stop to Consider

That an accident or sickness which destroys the use of arm or feet, or causes the loss of sight, is not only a physical calamity, but the most severe of all losses.

It Means the Wasting Away of An Estate Already Created.

the loss of any investment which is dependent upon the present or future earnings—in fact, the loss of the producing power, a disaster worse than death could bring.

Better talk it over with us to-day. Our policies offer better protection than others for the money expended.

We invite Investigation and Comparison.

Effects Of One Bottle.
Crandal, Tex.—"After my last spell of sickness," writes Mrs. Belle Teal, of this city, "I remain very ill, and stayed in bed for eight weeks. I couldn't get up, all this time, and though my doctor came to see me every day, he didn't do me any good. I had taken one bottle of Cardui, when I was up, going everywhere, and soon I was doing all my housework." Cardui helps when other medicines have failed, because it contains ingredients not found in any other medicine. Pure safe, reliable, gentle-acting—Cardui is the ideal medicinal tonic for weak, sick women. Try it.—Advertisement.

HOT WEATHER MEALS

COMBINATIONS THAT GO WELL IN THE SUMMER.

Hot Savory and a Cold Salad Are Always to Be Recommended—Some Suggestions That Are Worth Remembering.

A hot savory and a cold salad make a good combination for the summer luncheon, and the savory is a useful dish for the disposition of left-over scraps of meat, fish, etc.

The foundation of a savory is usually a triangle on a finger of buttered brown bread toast, or fried bread, pastry or biscuit. The filling may be varied indefinitely, and its arrangement depends upon available materials.

Here are a few suggestions for the use of materials common to all households:

Tomato Toast.—Half an ounce of butter, two ounces of grated cheese, one tablespoonful of tomato; paprika. Melt the butter and add the tomato (either canned or fresh stewed), then the grated cheese; sprinkle with paprika and heat on the stove. Cut bread into rounds or small squares, fry and pour over each slice the hot tomato mixture.

Ham Toast.—Mince a little left-over boiled ham very finely. Warm it in a pan with a piece of butter. Add a little the pepper and paprika. When very hot pile on hot buttered toast. Any left-over scraps of fish or meat may be used up in a similar way, and make an excellent savory to serve with a green salad.

Sardine Savories.—Sardines, one hard-boiled egg, brown bread, parsley. Cut the brown bread into strips and butter them. Remove the skin and the bones from the sardines and lay one fish on each finger of the bread. Chop the white of the egg into fine pieces and rub the yolk through a strainer. Chop the parsley very fine and decorate each sardine with layers of the white, the yolk and the chopped parsley. Season with pepper and salt.

Oyster Savories.—These make a more substantial dish, and are delicious when served with a celery salad: Six oysters, six slices of bacon, fried bread, seasoning. Cut very thin strips of bacon; the bacon that can be purchased already shaved is best for the purpose. Season the oysters with pepper and salt, and wrap each in a slice of the bacon, pinning it together with a wooden splint (a toothpick). Place each oyster on a round of toast or of fried bread, and cook in the oven for about five minutes. Serve very hot, and sprinkle with pepper.

Cheese Savories.—Butter slices of bread and sprinkle over them a mixture of grated cheese and paprika. Set them in a pan and place the pan in the oven, leaving it there until the bread is colored and the cheese set. Serve very hot.

Uses of Pineapple Juice.

The juice left from canned pineapple is fine for use during the canning season to impart flavor to tasteless fruits, as the pear. A pint of juice added to the water in which pears are cooking gives it an excellent flavor. For canning the pineapple is often put up in grated form or after being run through a chopper. Although it may be served in various forms, the fruit is so excellent that the simplest form is as good as any. Sprinkle a little sugar over the slices about an hour before wanted and set in the refrigerator. If the fruit is quite ripe when served, very little extra sugar is needed, but like all other tropical fruits when sent North, it has to be gathered in a green state and is seldom found quite ripened from the field.

No fruit lends itself with greater readiness than the pineapple to coaxing art of the canneries and the preserving factories.

Banana Cake.

Make any one-egg cake, or better still make a sponge cake and bake in round tins, two layers; slice bananas on cake and cover with whipped cream; simply lay another layer of cake on first and cover again with bananas and cream.

Whipped Cream.—Take one cupful sweet cream, add the white of an egg to give it body, small pinch of salt and whip all together until thick; sweeten to taste and flavor with vanilla.—Boston Globe

Rhubarb Custard.

Stew about one and a half pounds rhubarb and one cupful sugar. Make a soft custard of one pint milk, two eggs, half cup sugar and one tablespoonful cornstarch in a double boiler. Let both cool, then pour custard over the rhubarb. Rhubarb is much better stewed in double boiler, too, using no water.

Sour Cream Dressing.

One-half pint sour cream, two tablespoonful lemon juice, one tablespoonful salt, one tablespoonful oil, one-quarter cupful mustard, one teaspoonful mustard. Beat the cream up until it is light and thick, add the other ingredients. Sweet cream may be substituted if desired.

To Clean Brushes.

Clean all brushes carefully by dipping the bristles in warm water to which has been added a few drops of ammonia. Remove any bits of hair or fluff from them, finish off by dabbing bristles in clear cold water, and hang

TRUE RING TO THESE

Fiscal Court Adopts Resolutions, Pledging Christian County.

Whereas, there is now a movement to construct a macadam highway from the Lakes to the Gulf, and particularly a highway from Danville, Illinois, to Nashville, Tenn., known as the "Dixie Bee Line," which connects with the Dixie Highway at said points; and

Whereas, said highway, on a straight line from Evansville to Nashville would pass through Christian county, Kentucky, and through the city of Hopkinsville, and the citizens and taxpayers of Christian county having shown a deep interest in the location of said highway through this county:

We, the fiscal agents of Christian county, heartily endorse and approve this movement, and we hereby pledge ourselves and successors in office to construct Christian county's portion of said highway over any line through Christian county which the Dixie Bee Line Commissioners may select and designate; and we hereby pledge Christian county to construct its portion of said highway and to have same completed and ready for travel not later than January 1, 1917.

On a call of ayes and nays, the above resolution was passed unanimously by the Fiscal Court of Christian county on August 3rd.

Your Home Merchants.

True to its long policy, the Kentuckian again appeals to its readers today to patronize the home merchants, many of whom will be found represented in its advertising columns.

There are more reasons than one why you should trade with your home merchant. In the first place, you know what you are getting when you get it. If it is a suit of clothes or a pair of shoes or an agricultural implement, you can make the necessary examination and satisfy yourself of the worth of the article before you take it out of the place. If it is not satisfactory, you can have recourse on the dealer. If you are hard run, it is your home merchant you look to for credit. When you bring your products to the city you expect to sell them to the home trade.

The home merchant employs his clerks here, and these are compelled to buy farm products. He pays taxes on his goods and his other property, and thus helps to lift the burden of taxation from your shoulders. He works in connection with you for better schools, better roads and better government.

If you send off your list to a mail order house, you get what the house in Chicago or elsewhere chooses to send you. The apparent attractive decrease in price is often more apparent than real. You don't know what is in the goods they send you. You only know that you have sent the money in advance, and you are compelled to take what comes. If you raise a kick, the matter is compelled to go through the red tape regulation of a concern that cares nothing more for you since it has your money.

An investigation will often show that you can purchase the same goods for the same money right here in the home market. If not, your home merchant will be able to get it for you, and if assured of your trade thereafter, he will have it on hand for you when you are again in need.

It is impossible to find out just how much money goes out to the so-called mail order houses. The Commerce Commission found out that more than two million dollars went out of Kentucky last year to these houses where payments were made by postal and express money orders. Where checks or cash were sent, the commission could not get a line on it. It is reasonable to estimate that more than fifty thousand dollars are sent out of this county every year to these foreign houses. This never comes back, but goes to enrich the dividends of these foreign concerns.

It is different with the money you spend with your home merchant. The clothier pays the grocer, the grocer pays the baker, the baker pays the coal man, and so the money gets into circulation, and finally gets back into your own bank account.

Society

Jolly Lake Party.

A party of about twenty-six young boys and girls, chaperoned by Mrs. F. P. Thomas and Miss Bertha Cayce spent the day at Lake Tandy Tuesday. A big picnic dinner was served at the lake.

Swimming Party.

A swimming party at McLean College was given last night by about eight couples of young people. Lunch was served on the college campus. Miss Jean McKee chaperoned.

Hay Ride on Pike.

The Epworth League of the Methodist church held a business meeting Tuesday night at the home of Mr. Fred Harned, on Clarksville pike. The members rode out in a hay wagon to the meeting. A social session was held afterwards and delightful refreshments were served.

Dogwood Doings.

Dogwood, Aug. 2.—Farmers are through cultivating their crops. Corn has been cut short by the dry weather. Tobacco is looking better and the prospect is for half a crop in this section.

Rev. T. T. Powell filed his regular appointment at Barren Spring Baptist church yesterday.

Rev. Henry Moore filled his regular appointment at the Christian church here Sunday, July 25. He expected to protract the meeting, but owing to the sickness of the help he had promised him, the meeting was postponed for the time being.

There is a flourishing Sunday school at Barren Spring church. They meet every sabbath afternoon at 3 o'clock and everybody is invited to attend.

Mr. and Mrs. George Fruit were the pleasant guests of Mr. and Mrs. Joe Fruit yesterday.

The apple crop is larger than it looked like it would be earlier in the season. The peach crop is a fairly good one.

A good rain fell over this section Saturday afternoon and another Sunday. It is hoped that the rains will continue throughout the month as it has rained every first day of the month for the past four months.

Miss Ella Carter, of Hopkinsville, visited her parents, Mr. and Mrs. Charlie Carter, last week. Two moonlight picnics were given in her honor, one by her parents and the other by Mr. and Mrs. Maryland Hord. She also attended a picnic at Fruit Hill Saturday.

Mr. Seth Boyd and family and Mr. Rodman Duvall and family visited Mr. and Mrs. Charlie White Sunday.

SENAB.

W. C. T. U. STRONG

FOR MCCHESNEY

We rejoice in the progress being made toward State-wide Prohibition in Kentucky. The Hon. H. V. McChesney, candidate for Governor and other candidates favoring State-wide Prohibition, will deserve, and are receiving the hearty endorsement of the United Temperance force of the State. The Fifth (nine local unions) and Seventh District (Division A) of Kentucky W. C. T. U. (sixteen local unions) have passed strong resolutions endorsing Mr. McChesney, and reports from Unions all over the State indicate that they are almost unanimously for him. We have heard of no Union in the State endorsing any other candidate for Governor.

At the Second District Convention (twenty-three local Unions) held recently in Owensboro the roll call showed that every Union had instructed their delegates to declare themselves for Mr. McChesney for Governor. Among the other resolutions the following were unanimously adopted:

FIRST—That we declare against the liquor traffic, and do hereby affirm our stand for total abstinence from all alcoholic beverages for the individual, and for State and National Prohibition.

SECOND—That we heartily declare ourselves for the endorsement of the Hon. H. V. McChesney, candidate for Governor on the Democratic ticket. We furthermore urge people of like mind to co-operate and nominate to State offices such candidates as favor prohibition.

TO THE VOTERS OF HOPKINSVILLE

I am a candidate for Commissioner for the City of Hopkinsville, subject to the action of the voters of said city, in the primary election, to be held in October, 1915, as provided by Section 3480B, Sub-section 6, of the Kentucky Statutes.

In making my announcement, I desire to call the voters' attention to the following principles for which I stand:

FIRST—I believe in efficiency in governmental affairs; that our city government should be conducted on the same high plane as the best managed business concerns of this or any other city. In order to secure efficiency in our governmental affairs every branch of the city government should be systematized, and great care should be exercised in selecting efficient employees.

SECOND—I believe the taxpayers of the city are entitled to know at any and at all times the financial condition of our city; from what sources its revenues are derived, and in what manner they are disbursed. Therefore, I am in favor of giving publicity to the management of the city government by publishing quarterly condensed statements, in the various newspapers of the city, showing the condition of the city's finances.

THIRD—I believe in the equal distribution of the city's public improvements, and that no favoritism should be shown to any individual or class.

FOURTH—Political pulls and chicanery are inimical to good government, I therefore believe in selecting

the best men obtainable for the various positions to be filled by the commissioners without regard to politics. Past experience has taught us that too much politics in city government is detrimental to our city's welfare.

The Commissioners to be selected at the November election will be confronted at the very outset with changing our city government from the old form to the new, and many grave difficulties will arise in the adjustment of the city's affairs. For this reason, the people of Hopkinsville should exercise their best judgment in selecting men for commissioners who have had experience in business and municipal affairs. How well the City's money will be spent, and how much economy will be practiced depends upon the kind of commissioners you select.

I shall make no promise of position to any man, as I prefer to be free to choose employees upon their merit alone, if I am nominated and elected, as I believe I will be. No religious or political affiliation shall influence my action against any man or set of men in the performance of my duty. I shall know no difference between an individual and a corporation in the discharge of my official duty.

I served the city as an officer for a period of eight years and I am willing to stand upon the record I made during my administration. I feel that I am well qualified for the office to which I aspire, and your votes and influence will be greatly appreciated.

Yours very truly,

J. SOL FRITZ.

OUR PUBLIC FORUM

VI.—F. C. Howe

On The Advantages of Free Ports

Mr. F. C. Howe, Federal Commissioner of Immigration, who is one of the best American authorities on marine commerce, in discussing the relation of free ports to the development of sea trade said in part:

"Ships will go hundreds of miles out of their way to avoid ports surrounded by a tariff wall. The only way, therefore, for a country with a tariff to compete in the shipping world with a free trade country is to establish free ports at strategic points along its coast line. Germany has done so, and in a comparatively short period has built up a carrying trade which before the war was seriously threatening England's supremacy."

Hamburg, one of the three German free ports, now ranks as the second greatest seaport in the world, its total foreign commerce in 1913 being only \$6,000,000 under that of New York.

The free port would offer great opportunity for financial operations, now made possible by the recent currency act. It would stimulate international banking, and would tend to shift the financial center of the world to this country. And America, by the logic of events, has become the natural center for the world's financing, just as London became that center several centuries ago, when it shifted from the cities of the Netherlands. But the financial center will only move to this country when it becomes a clearing house of goods as well as of money. For credit the world over is created by currently created wealth in transit or change so that even our financial expansion is dependent upon the opening up of American ports to the clearance of the wealth of the world. A port should not operate to yield a return on the investment, but to develop the prosperity of the country. In recapitulating the advantages, Mr. Howe brings out the importance of the free port in developing our shipping, and linking us with South America, Asia and Africa, and then concludes:

"The most important gain is the direct gain to America. It will cheapen commodities by bringing great quantities of goods to our doors for importation or export, as trade needs demand. It will stimulate the growth of exporting houses, which can hold goods for an indefinite period without the payment of tariff dues (often equal to the cost of the article itself) for disposal to meet the trade demands of the whole world. It will uphold international credit, and shift to America an increasing and ultimately a predominant share in international exchange."

Finally, America is the natural country to be the counter of the world. Its seacoasts face every other continent; it is the greatest of all reservoirs of raw materials and foodstuffs. In iron and steel and standardized production it is in a position to compete with the world. But international trade (and this is always overlooked) must be reciprocal. It cannot be one-sided, and credit balances cannot for any prolonged period be paid in gold. They can only be paid by exchange of wealth."

G. B. LIKENS ONLY CANDIDATE FROM FOURTH CONGRESSIONAL DISTRICT.

At the last presidential election the Fourth Congressional District cast 21,932 votes for Woodrow Wilson, one-tenth of the entire Democratic vote in Kentucky, and it has never failed to give loyal support to all Democratic nominees. In the Primary election to be held on August 7th, the Fourth District has but one candidate seeking the nomination for a state office, and that is G. B. Likens, of Ohio county, who aspires to the office of Secretary of State. Mr. Likens will have the united support of the Fourth District democracy. His qualifications,

his personal integrity, his party loyalty are not excelled by any other candidate running in the August Primary.

A stronger candidate or more proficient officer could not be selected. The Fourth District has no Democrat now holding an elective State office at Frankfort, and unless Mr. Likens is nominated it will not be represented on the State ticket. VOTE FOR HIM! not alone because he is the only candidate from the Fourth District, but because he is the best man to nominate.—Advertisement.

Three New Ones.

Three new Ferrell's Boys were discovered this week and have been enrolled. They are Rufus N. Crabtree, Waddy, Ky., class of 1882; Edgar Fuqua, Stanley, Ky., class of 1881; and W. A. Adams, South Fork, Ky., class of 1880.

We are authorized to announce

J. SOL FRITZ

a candidate for Commissioner for the city of Hopkinsville, subject to the action of the voters of said city in the Primary election to be held Saturday, Oct. 16th, 1915, as provided by the Kentucky Statutes.

PURELY PERSONAL

Misses Eva and Helen Royalty have gone to Smith's Grove and from there they will go to Barren river with a camping party to spend ten days.

Miss Elizabeth Reese, of Pembroke, spent Saturday and Sunday with Mr. and Mrs. T. D. Reese, north of town.

Webb Hill and sister, Miss Lucy, of Ekton, spent the week end with their father, Mr. L. A. Hill, north of the city.

Hugh M. Henry, of Hopkinsville, Ky., is here for a visit with his mother, Mrs. Margaret Henry, who is ill at her home at McCutchanville.—Evansville Courier.

Miss Flora Harris has returned from a visit to her sister, Mrs. Songer, in Pine Bluff, Ark.

Miss Doris Claggett left Wednesday morning for a visit to friends in Nicholasville and Lexington.

Mrs. Geo. C. Long and Miss Elizabeth Tandy have returned from Cerulean.

Miss Lida Wilkinson, of Cadiz, is visiting Mrs. Will Kimmons.

D. D. Cayce, of the F. A. Yost Co., accompanied by Dr. Gant Gaither, M. A. Mason, and Brockman Mason, left yesterday afternoon for Cincinnati, where they expect to see several new 1916 Model Automobiles. They will probably drive two or three machines through to Hopkinsville.

COMES TO HER OWN FUNERAL

When Mrs. Eva Cunningham reached the home of her father, Walter J. Sanderson, with whom she lives, at New Brunswick, she was surprised to see flowers and a gathering of weeping friends.

"Why, we thought that you were dead!" said the friends when they saw her. "We saw a notice that you had died in Spring Lake."

"Well, do I look like a dead one?" retorted the supposed corpse.

The announcement appeared in a local paper and also an Asbury Park paper, and was printed in good faith.

Two Kinks of Religion—Both Bad. "Dar's de man dat takes his religion in spasms, and gits over it 'bout as quick," stated good old Parson Bagder. "And den ag'in, dar's de yudder kind dat has it all de time, and 'magines his whole duty is done when he says 'Amen!' in a deep voice. And I dunnuh, sah, which of 'em gives me de least satisfaction."—Kansas City Star.

Valuable Space of Land. The total value of the city of London's square mile is placed at about \$1,250,000,000.

BRAND NEW FEATURE

Is Miss Holeman's Demonstration Work With Small Children.

TO-DAY IS TRUSTEES' DAY

Institute Work With Nice Cool Weather is Fine Success.

Tuesday morning at the Christian County Teachers Institute, which is being held at McLean College, Miss Holman, one of the instructors, started her demonstration class with beginners. She took a class of children who had never before attended school and illustrated the modern methods by which they should be taught. Other demonstrations were also given regarding the primary classes. This work was carried over through yesterday.

To-day will be Trustee Day at the Institute and all of the school trustees in the county have been invited, also many citizens. A big barbecue dinner will be given on the grounds and the occasion is easily the feature of the institute. Many of the people of the city have shown their interest in the work by attending the sessions of the institute.

Prof. L. E. Foster is anxious to have all who will, share in the advantage of the institute. The sessions will last through Friday.

ANTIOCH ROAD.

Is Coming in For a Share of Public Work.

The Antioch and Kirkmansville road is being improved in the dry brack hollow for about four miles by John Causey and F. B. McCown. The road is being graded and will be improved with rock and gravel and gradually made into a permanent road.

This road of 17 miles already has 9½ miles of pike and it will not be long until the gap will be filled in.

Oval Water Pipes Best.

Oval water pipes are less liable to burst when they freeze than round ones. The reason is that repeated freezings and thawings cause a round lead water pipe to stretch at the weakest points and form bulges, which finally split; but a pipe that starts life as oval may be frozen a number of times without cracking, because each time it gets a little rounder, and not until the strain can no longer be relieved in that way does it form bulges and burst.

CLARK'S MARKET HOUSE

WATERMELONS—We are receiving Home Grown Melons, they are very nice and cheap, from 10c to 35c each.

FRUIT JARS—Rubbers, Sealing Wax, Tin Cans for Tomatoes, Jar Caps. We also have the new Sanitary Jar Cap. Have you seen them demonstrated? If not, come and ask our salesmen to show you.
